Titled "Nature of Wonder" by Shony Rivnay provides a glimpse into obscurity, freedom, and a natural curiosity that we all experience in our creative lives. It is an opportunity to think, but also to let go of thinking. It is a pathway into joyous viewing and a simple understanding of how things work.

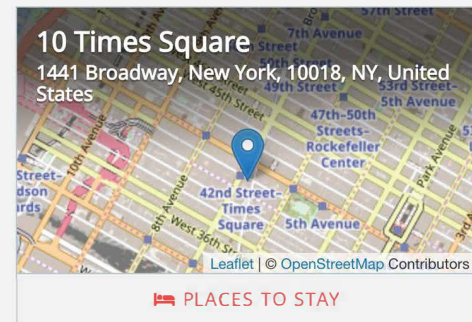

Shony Rivnay's recent body of work reveals a natural curiosity towards form and matter. Comprised of a large series of vibrant paintings, they vary in size and technique.
